

Dear Potential Candidate,

Welcome

GDoc Ltd is the GP Provider Company for Gloucestershire. Formed in 2013, GDoc is a membership organisation and all 81 GP practices are shareholders. Its aim is to strengthen general practice by delivering safe, high quality and innovative primary care.

GDoc Ltd works with GPs across the county to ensure general practice is sustainable and responsive to local needs. Patients will always be at the heart of what we do and we will continue to use patient voices to help us deliver compassionate, patient-centred healthcare.

You will be joining a dynamic team with ambitions for growth, in supporting our GPs. You will have the opportunity to make a considerable impact in the services we provide, whether it's by delivering clinics as a GP or a Nurse, working as part of the GDoc back office team in project management or administration.

Your experience will have been gained through a similar role within a healthcare organisation. We value our staff. You can see elsewhere on our website, some of the work that we have been doing to support Primary Care in Gloucestershire.

We look forward to welcoming you on board to support GDoc Ltd in our forward journey.

Warmest Wishes

Vee Scott  
Business Manager
